## POLICY

### 1. School Profile

Casey Fields Primary School was established in Term 1 2020, in the rapidly growing community of Cranbourne East. The community of Casey Fields Primary School embraces its diversity. We celebrate this diversity and provide cultural experiences as part of the curriculum. Our school community is richly multicultural; many of them are new Australians with high aspirations for their children's education. We firmly believe that an opportunity exists for Casey Fields Primary to be the centerpiece that defines our new and diverse community in Cranbourne East; something the whole community can take pride in and feel a sense of belonging to.

The second last line of our newly developed 'Casey Fields Philosophy for Teaching and Learning' states that 'We are a community of global citizens who challenge the world around us'. By including this statement in our Philosophy for Teaching and Learning we are ensuring that every decision taken by our school community is made through the lens of global citizenship.

The school has been designed with flexible learning spaces which cater for students from Prep to Year 6. Our approach to teaching and learning is reflected through maximising contemporary learning spaces. School facilities include general and specialist teaching areas, administration areas, a performing arts and physical education building and associated outdoor areas.

The facilities have been designed with the following key design principles in mind:

- designs place a strong emphasis on flexible learning
- learning spaces are capable of supporting different learning styles and recognise that children learn in different ways
- buildings are visually stimulating, inviting to the community and accessible by all
- comfortable and safe work spaces for all students, staff and visitors
- cost effective building design that allow for low lifecycle and operational costs and minimal building maintenance.

We strive to provide a nurturing and challenging environment that empowers students to reach their personal best, both academically and socially.

### 2. School DNA and Crew

#### *Our D.N.A*

The Principal Team collaborated and work through the Design Thinking process to decide what Casey Fields Primary School valued. Throughout this Inquiry we made sure we involved our school community, valuing their input in any decisions we made. This resulted in our D.N.A being *Aspire, Unite and Explore*. Our aim is for our DNA to be evident in all aspects of our school. CFPS teachers ensure they are explicitly teaching our DNA to all students, as well as integrating it into their planning across all curriculum areas. Our DNA is celebrated at Assembly through our Student of the Week awards.

### *CREW*

Crew is a school-wide approach to student wellbeing and relationships. It involves each student being placed in a small crew consisting of students from Prep to Year 6. Each Crew is assigned a 'Crew Leader' a trusted adult and advocate for those students in our school. The goal of Crew is to build relationships in a supportive environment, where students can meet, and talk about how they are going at school and set goals to improve. Eventually we will drive our school's D.N.A through Crew with our students working on the character traits that best represent our D.N.A
